**W**ith our most experienced tour leader and India expert Anne-Marie Zambelli to accompany you, discover India's great natural and cultural treasures - from the beautiful Taj Mahal to the jungle home of the Royal Bengal Tiger.

This itinerary has been popular with our clients for many years as it combines the historic and archaeological sites of the famous Golden Triangle with a safari through two of India's most famous national parks, Kanha and Bandhavgarh. Accommodation throughout the tour is in good hotels and safari lodges.

*"India was never on my 'to do' list but now that I have been there I am richer for the experience. The tigers were definitely the draw card and I was not disappointed in any way. I do understand that we were very fortunate to have had tiger sightings on most days. This was one of the most significant and awesome encounters of my life."*

Cheryl Genat - Taj, Temples & Tigers Tour March 2011

*"In Bandhavgarh I was privileged to have 8 sightings (and an elephant ride into the forest to see a kill) and the hotels in India far exceeded my expectations. I am delighted to hear that the Taj Temples and Tigers Tour is planned again for 2012. If there weren't so many places in the world I still want to see for the first time, I think I'd be signing on again!"*
